

Nathaniel Schultz

+1(405) 693-1446 • schultz@ou.edu • <https://www.linkedin.com/in/nathaniel-schultz/>

Education

- **University of Oklahoma** **Norman, OK**
M.S. in Electrical Engineering | GPA: 3.88/4.0 *Exp. Grad.: July 2027*
B.S. in Electrical Engineering, Minor in CS | GPA: 3.88/4.0 *May 2026*
 - *Selected Graduate Coursework:* Radar Imaging, Digital Signal Processing, Random Signals, Computer Hardware Design (Fall 2026), Phased Array Antennas (Fall 2026)
 - **Rose State College** **Midwest City, OK**
A.A.S in Cyber Security | GPA: 3.9/4.0 *July 2022*
 - Received CompTIA Network+ Certification
-

Experience

- **MIT Lincoln Laboratory** **Lexington, MA**
Summer Research Intern *May 2026 – August 2026*
 - Investigated the use of 5G NR signals as radar waveforms for a passive bistatic radar system.
 - Developed a radar system that was able to map the range and velocity of moving automobiles using 5G NR signals radiated from a nearby cell tower.
 - Placed 3rd in the Innovative Idea Intern Challenge (I3C) for my idea to treat foot drop using electrofluidic fiber muscles.
 - **Advanced Radar Research Center** **Norman, OK**
Undergraduate Research Assistant *Feb. 2024 – May 2026*
 - Worked on developing software and algorithms for integrated sensing and communications (ISAC) research, focused on validating implementations through experimental testing and enabling subsequent algorithm refinement.
 - Conducted experimental research into the use of ultrawideband (UWB) radar techniques in biomedical imaging radar applications.
 - Investigated biological phantoms for use in a biomedical imaging radar, including dielectric property characterization and assessment of 3D-printed structures for manufacturing viability and long-term stability.
 - **University of Oklahoma IT** **Norman, OK**
IT Support Specialist & Mentor *Sept. 2023 – May 2024*
 - Assisted customers with various IT requests over the phone, in-person, and in over 100 completed tickets.
 - As a mentor, ensured newer co-workers were assisted with more difficult requests, involved in training new employees, and ensured everyone remained on-track with their work.
-

Leadership

- **University of Oklahoma IEEE Student Branch** **Norman, OK**
Vice-Chair *May 2026 – Present*
Secretary *May 2025 – May 2026*
 - Leading the process of obtaining a website for our branch and acquiring graduation regalia.
 - As secretary, kept track of event attendance and metrics, and ensured events are properly reported to IEEE and the university.
-

Core Technical Skills

Programming & Analysis: MATLAB, L^AT_EX, C, Python, Verilog

Tools & Simulation: Intel Quartus/QuartaSim, GNURadio, SolidWorks, Autodesk Fusion, Ansys HFSS, Multisim

Test & Measurement: Oscilloscope, Vector Network Analyzer (VNA), Spectrum Analyzer

Research & Prototyping: Experimental Validation, Data Analysis in MATLAB, Electromagnetic Simulation, FDM 3D Printing, Soldering, Circuit Design/Verification
